This is to certify that M/S Industrial NDT, Baroda, was involved with the Ultrasonic training as per SNT-TC-1A, ASNT Level II of our Quality control engineers at our company.

This training was held at our plant at Gandhidham and was very much informative and helpful for our engineers, to understand about the in depth knowledge and application of the Ultrasonic testing in the industry.

The training was conducted by experienced ASNT NDT Level III engineer.

For Indian Steel Corporation Ltd.

Mr. S.D. Kulkarni
